Long time no write!! Get's!! Kohta Hirano here!! Get's!!
I am very happy for this first book in a year and a half! Get's!!
A lot happened over this past year and a half.
Nico Robin yelled "I wanna live!"
Ahh, thank goodness she made it back to her companions.
You know, big breasts are great no matter how many women there are.
Big breasts are.
Big breasts are.
Big breasts are.
To think that Death Note would come to an end...
To think that Light was the culprit...
Did all of you guess correctly who it was?

Now then, about the manga. I overdid a lot of things
Well, hey, overdone is just about right for it.
I said it's right. What do you mean "who said?"

Ahh, I don't particularly have anything else to talk about.

Extra space is a waste so I will sing a song

-The Black Magician Song- Yu-Gi-Oh! Marching Song GX

When will the Black Magician Girl show up, (don)?
A Yu-Gi-Oh! marching song, todon gadon (dadon)
The President comes up, namely exit (donnn)
When will the Black Magician Girl show up, (don)?
Pegasus comes up, namely exit (donnn)
When you abbreviate "Black Magician Girl,"
you can get "brassiere," can't you?
Ah...! I'm sorry, but would you mind leaving the room for just three minutes?

London is bathed in blood, its citizenry almost entirely butchered by vampiric, reborn Nazi soldiers. And marching through this charnel house are thousands of robed, fanatic Catholic warriors, ready to strike down any who oppose their god. But both undead and zealot alike will have to contend with the return of the vampire lord Alucard, slave-paladin of the British Protestants, piloting an aircraft carrier up the Thames to join the fray and turn the streets of London into a killing floor.

Kohta Hirano's *Hellsing* is a worldwide phenomenon, a science-fiction horror masterpiece of shocking intensity and wild ingenuity, presented in its authentic right-to-left reading format as in Japan.

"You won't find a better horror series on the market today."
—Anime News Network

This collection is translated into English but oriented in right-to-left reading format, as originally published.
